EDUCATION

Dr. Ambedkar Institute of Technology For Handicapped   Aug. 2019-May 2023
BTech in Computer Science and Engineering   Kanpur,(U.P)

TECHNICAL SKILLS

Programming	C++, JavaScript, Data Structures and Algorithms, OOPs
Web Technologies	React.js, Node.js, Express.js, MongoDB, SQL
Tools	Git and GitHub, Bitbucket VS Code, Docker, AWS, Microsoft Excel, Postman
Soft Skills	Teamwork, problem-solving, competitive Programming, Leadership

WORK EXPERIENCE

Backend Developer Intern

Hoogaaa Technology

- Developed scalable server-side applications using Node.js and Express. Implemented security measures, such as encryption and authentication, to protect sensitive data.

- Built and integrated RESTful APIs for seamless front-end/back-end communication.

- Managed data storage and retrieval with MongoDB. Improved application performance with optimized database queries and caching strategies

PROJECTS

Project 1(Chat Application) (React.Js,Node.Js,Express.Js,MongoDB)   chatApplication

- Designed and implemented a real-time chat application using Node.js, WebSockets, and React.
- Implemented server-side logic to handle user authentication, message delivery, and connection management.
- Deployed the chat application on Vercel, a cloud-based platform, achieving high availability and scalability through effective utilization of resources.

Project 2(Netflix Clone) (React.Js)   netflix-clone

- Developed a web application that replicates the features and user interface of the popular streaming platform, Netflix, using React.
- Focused on the aspect of watching trailers of the latest upcoming shows and movies. Integrated various APIs to implement features such as user authentication, video streaming, and data management.

Project 3(Memories App) (React.Js,Node.Js,Express.Js,MongoDB)   memoriesApp

- Designed and developed the front end using React, providing a visually appealing and user-friendly interface for users to interact with.
- It is a simple social media app that allows users to post interesting events that happened in their lives.
- Incorporated features such as creating posts, liking and disliking posts, and deleting posts.

ACHIEVEMENTS

- solved 400+ DSA questions from GFG/Leetcode/HackerRank.   Leetcode/ GFG
- Qualified for world final google hash code 2022.   Certificate
- Got 2331/50000 rank in codegoda 2022 a global level coding competition.
